Cryptographic methods for remote authentication

US Pat. 6226383 - Filed Mar 25, 1997 - Integrity Sciences, Inc.

A system for Alice to prove knowledge of a password to another party Bob that has access to a hidden transformation of the password, including a first input

...

Password generation method and system

US Pat. 6643784 - Filed Dec 14, 1998 - Entrust Technologies Limited

The password rule status data 42 may include non-confirmation data such as data

... the system cannot authorize a final password based on the input data. ...

System and method for generating year 2000 test cases

US Pat. 6041330 - Filed Jul 20, 1998 - Telecordia Technologies, Inc.

To prevent unauthorized access to the Y2K test generation system consistent with the present invention, a password based security feature may be provided. ...

[APPLICATION] Input device and user authentication method

US Pat. 11033127 - Filed Jan 12, 2005 - Fujitsu Component Limited

Accordingly, the password cannot be stolen by others, and the input device ... starts touching the input screen again, generating password codes based on ...

[APPLICATION] Encoding device, decoding device, encoding method, decoding method, and ...

US Pat. 11081713 - Filed Mar 17, 2005 - FUJI XEROX CO., LTD.

[0035] Preferably, the decoding device further includes a password generating unit to generate plural passwords based on an input password. ...

Security and password mechanisms in a database system

US Pat. 5944825 - Filed May 30, 1997 - Oracle Corporation

11 receiving user input that defines a routine, wherein said routine accepts as ... then generating a message to indicate that said proposed password is not ...

Automated method for electronic software distribution

US Pat. 6134593 - Filed Sep 30, 1997 - CCCComplete, Inc.

The method of claim, wherein generating at the server a password based on the ... cause the processor to: receive user input requesting access to at least a

...

Personal computer access control system

US Pat. 5432651 - Filed Oct 21, 1993 - TECSEC Incorporated

ers that generates a password based on a challenge sequence. ... by detecting light from the host display and generating a digital logic level output. ...

System and method for generating voice pages with included audio files for ...

US Pat. 6895084 - Filed Sep 14, 2001 - MicroStrategy, Inc.

Password based authentication mode is ... modify, or delete content 55 file and generating voice output to be directed by input provided on the system. ...

Memory cartridge and game apparatus using the same

US Pat. 5014982 - Filed Aug 24, 1988 - Nintendo Company Limited

... for enabling said microprocessor to process a password input by a player ...
